GLENNA REILY

... suggested to me that I write something for all the Mothers in the world since Sunday is set aside as their special day.

There is no doubt but that motherhood is a beautiful happening, and it's extremely heartening that in today's free and loose society, where many young people have deluded themselves into thinking that somehow they owe no allegiance to anything but the crowd that surrounds them, we can still have people who believe strongly that mothers should hold an exalted position in our way of life.

I am closely associated with four, my mother, my mother-in-law, my daughter and my wife. They all have a special place in my heart and my thoughts. They are wonderful mothers and hold high the symbol of motherhood.

Therefore, I feel extremely sorry for those people who have never felt true love and devotion from their mothers. They, indeed, have been the losers. Yet, I would hope that on this Mothers Day in 1974 they, too, will honor their mothers in the way they should be honored.

And to those who have no respect for anyone, I would suggest that this might be the time and place to bring themselves back into the real world. They start by telling their mother they love her. One never knows how good it can make one feel.

I know I feel great when I say: "I love you mama with all my heart."

WELL, WE LOST

... in our bid to send John Poerner to Washington. But it wasn't because we didn't have a candidate worthy of the job for we had the best all around -- it all boiled down to the fact that we were outspent.

I never thought that in this day of Watergate, milk association contributions and all the myriads of corruption the American public could be bought. But, man, how wrong can one be.

Our opponents spent more than \$500,000 in this primary and are geared to spend that much again in the runoff. That, my friends, is the classic example of "buying a seat in Congress."

The bright spot was Medina County where John received more than 94 per cent of the vote and for that I'm certain he is extremely grateful.

I personally am proud of the small part I could play in helping John and would do it over again anytime.

... county there is a small neighborhood of Montell. Frank Tolbert, in an article brought to us by Doc Taylor, says that for years the community reported 75 inhabitants. No more, no less. But just this last census report they came in with only 10.

Tolbert investigated. He said he never found out because he couldn't find anyone home. He did give a little history of the village, which centers its activities around a classic of a little 1890 church with a beautiful stained glass window. It was named for Charles S. DeMontel a civil engineer from Germany and frontier surveyor. Ralph DeMontel of Hondo bears that same pioneer family name.

Thus, Montell residents are among the fastest dying breed in our country today--rural Americans. They held their spot on earth, but now they are passing into oblivion under the shadows of the giant concrete buildings of urban America.

It's a shame.

I MUST SAY

... I was proved wrong on Museum Celebration Days. I was about the only one who strenuously objected to moving the event to the Hondo City Park. I felt it would not draw the crowd.

So let me say out loud so everyone can hear it I was wrong. The big event drew a fine crowd, or so it seemed to me. And if all those people were money spenders, then it was a financial success.

I know President Frank Graff would be the first to say it was successful because of all the people who helped out. But let's give

Rains in runoff

Election turns sour for John Poerner

While Dolph Briscoe basked in a landslide victory 40 miles to the west, Hondo's John Poerner lost in his bid for U.S. Congressman for the 21st District. The Hondo legislator finished third in the

six-man contest for the Democratic nomination.

While Medina County turned out slightly over 40% of its 10,277 registered voters, the state overall suffered from the lightest voting

percentage in 20 years, around 20%. Briscoe rolled up a majority vote for the Democratic nomination for a four-year term as Governor with 976,462 votes, compared to 398,408 for nearest competitor Frances (Sissy) Farenthold, 30,956 for W. H. Posey and 26,450 for Steve Alexander. Briscoe carried Medina County by a large majority, 3,185 to 517 for second-place Farenthold.

Medina County Republicans favored Jim Granberry over Odell McGrayer, 28-3. Granberry won the statewide Republican nomination.

In the important 21st District U.S. Congressman election, Nelson Wolff of San Antonio corraled 31,299 votes to 24,158 for Bob Krueger of New Braunfels; John Poerner had 13,352; Joe Sullivan, 3,017; Allen Moore, 2,708; and Patrick Ainsworth, 1,295.

Although Poerner missed the runoff by a wide margin, he received 94% of the Medina County vote. In the county Poerner gathered 1,512 votes to 93 for second-place Nelson Wolff; Krueger had 38 votes, Ainsworth had four, Sullivan five and Moore none.

And though Doug Harlan won the Republican nomination for the Congressional seat without a runoff, County Republicans placed Simon Garza ahead of Harlan by 46-14. In that race, Van Archer polled three votes and Bobby Locke had two.

District 23's Congressional race, voted on in eastern Medina County, showed Abraham (Chick) Kazen the district-wide winner with 39,846 votes; nearest challenger was Jon Roland with 9,237, then Jake Johnson with 6,731.

Don Rains received the nod from County voters 1,820, to represent this County in the Texas Legislature; in second place with 1,343 votes, was Bandera's Sam Darden, and Jim Green of San Marcos was third with 548 votes. Rains did not receive a clear majority either in the county or district, but led the race overall. He and Green will be involved in the June 1 runoff.

Methodists approve building

The Hondo First United Methodist Church will begin construction on a new church this week, according to Pastor Homer Weimar.

The new structure will be completed around January 1, 1975. A contract was signed with James W. Cude of Pleasanton for \$175,000. Furnishings and architects should bring the total to near \$200,000.

The building will house the sanctuary, and will contain seating for about 175 persons.

It will be so situated as to allow use of the existing Educational building, which will be remodeled. Groups as large as 500 may be accommodated in the finished structure utilizing space now housed in the Educational building. Additionally, this space may be used for class rooms, a library, and other uses when not needed.

The existing church building will be completely torn down to make room for the new church. It will face on Avenue K, with the main entrance at the southeast end where it will join the Education building.

The Methodist congregation voted to go ahead with the project Sunday after closely studying the relative cost and value of remodeling the existing church against the construction of a new church building.

A committee headed by Paul Bybee and including Thomasine Grant, A. D. Patterson, Mary Jane Marrs, Bruce Foster, George Clark and M. R. Garrison.

Bands plan concerts

Music will fill the air tonight (Thursday) and Tuesday evening as the bands of the Hondo school system present their annual Spring Concert.

The Thursday evening performance will get underway at 8 p.m. in the High School Auditorium. Performances will be given by both the McDowell Junior High Band and the 5th and 6th grade bands.

Tuesday evening at 8 p.m. the Blue and White bands of the high school will perform several numbers and then will combine into the Sweepstakes Owl Band to complete the Concert.

Billy Harrell directs the Hondo bands and is assisted by Dennis Smith.

Meeting to plan Blood Drive

A planning to map out details for the next blood drive in Hondo will be held at 7:30 p.m. Monday in the Audio Visual Room of the Hondo High School.

The upcoming drive, to be conducted by Blood Services, will be under the supervision of the Junior Service League in Hondo. This group will be assisted by other organizations and individuals.

"We would like to have as many people as possible at the Monday night meeting," a spokesman for the group said. "There we will decide on a date for the drive, where it will be conducted and a quota."

Tarpley invites all to barbecue

There's gonna be a big feast at Tarpley on Sunday, May 19, and everybody's invited.

The Tarpley Volunteer Fire Department is sponsoring a big barbecue beginning at 12:30 p.m. and lasting until the meat runs out.

Plates will sell for only \$1.50 each and will have barbecue beef, potato salad and the other trimmings.

Proceeds will go toward purchasing equipment for the department.

with fuel

"Medina County farmers who have been unable to find fuel for agricultural production through regular channels may contact this office," said Floyd M. Smith, County Executive Director of the Medina County Agricultural Stabilization and Conservation Service (ASCS).

"ASCS and the Federal Energy Office (FEO)," Smith continued, "will operate a triple-decker back-up system for farmers with fuel problems which cannot be resolved through procedures already available."

Hondo Day at Lackland

Hondo Day is Thursday, May 16, at Lackland AFB and the Officers Training School at the Lackland Annex is all set except it needs some more people who say they want to attend.

Only 150 persons can be accommodated during Hondo Day at the Air Force's giant training center, and about 97 of that number will be taken up by the high school seniors who plan to attend.

So anyone else who wishes to go on this informative and interesting tour should give their name to Mrs. Lillian Porter at the Hondo

Chamber of Commerce.

People will be listed on a first-come-first-served basis at the Chamber office simply because the base facilities cannot accommodate more than 150.

Highlights of the day will include a briefing on the scope of training covered at Lackland, a tour of facilities, a parade, lunch at the Officers Training School.

Hondoans will leave from the Chamber office at 7:45 a.m. Thursday, May 16, in a car caravan. "So if you want to go get your name on the list first," Mrs. Porter said.

A FAMILY TREE ... These old oaks might not be a family tree but these three youngsters sure appear to be contented playing in the fork of these giants at City Park during Museum Day. And they look enough alike to belong to one family. Fun was had by all at the annual event and it has been reported that Museum Day and the Antique Auction grossed approximately \$7,106.81. This was broken down to Museum Day gross \$4,846.46 and Antique Auction gross \$2,260.35. "We have paid few bills," President Frank Graff said, "so this figure will be whittled down some. We should know in a week how much we netted if we can get the bills in." [Photo by Ted Mendoza]

Letters from the mailbox

I want to express my sincere appreciation for your endorsement of my candidacy for re-election. In the 16 months of my administration I have, with unifying spirit of cooperation, met many goals and kept many promises for the people of this state. If I am re-elected, I will continue to work for good government -- which is both responsive to the needs of our people and fiscally sound.

Sincerely,
Dolph Briscoe

NURSING HOME
WEEK
MAY 12-19

Dear Mr. Lawrence,
I really enjoy receiving the Hondo paper out here in California. It helps me keep up with current, and sometimes the not too current happenings among my hometown friends. Sparks is the first thing I read when my papers are delivered by the mule trains. Do keep the food for thought coming forth. I heard that Mr. Gonzales, Henry B. that is, has re-opened an investigation into the Kennedy (JFK) assassination -- sure hope he is able to get past the circles! Which reminds me this is an election year and the absentee ballot I ordered hasn't reached me yet. A suggestion before closing and allowing you to cash my renewal check. Why not start, at least once a month, printing our

representatives addresses. See enclosure for an example. This way we in the reading area will have easy access to the same. Thank you, William P. Guinn Jr. AT2 USN
[Editor's Note: That's a good idea -- will try to do it sometime.]

[Editor's Note: We believe many county residents would like to express their feelings to John Poerner on the outcome of his Congressional race. The following letter says what we feel many would say. Therefore, we asked the permission of the writer to reprint it. We're glad he agreed.]
May 6, 1974
The Honorable John Poerner, Representative
Texas House of Representative

Dear John:
Just a note to let you know how proud we are of you. During the recent campaign, you implied you are a representative of all people and if this great country was to return to love, sharing, true patriotism, and impartial representation, it would have to begin at the grass roots. I would like to feel your meaning of "grass roots" included the rural people highest on the list. This is what we heard as we listened. This makes us very proud to know you. I have no way of knowing how others feel, but I can speak very confidently when I say, "John, you did not lose, you won. You might have 'lost an election' but, deep down, you really won." We know you as a man of integrity and a deep sense of conviction in the

principles that have built the foundation of this great country of ours. We want to reemphasize, one more time, how very proud we are of you, your efforts, and wish you God's richest blessings for you and your family in the days to come.
Sincerely,
Albert N. Rowlett

Dear Burnis:
Your editorial endorsement of my candidacy is one of the nicest tributes paid to my bid for election to Congress. There was not a single word or phrase that I would have changed -- it was done that well. I want you to know that I will always remember your kindness. With kindest personal regards, I am
Sincerely yours,
John

Judy Schumann turned in a yeoman's job as supervisor in charge of that event. The judging went fine and everyone had a good time thanks to her hard work.

THE TWO CANDIDATES

... in the 21st Congressional district runoff, Nelson Wolff and Bob Krueger, were in Hondo Tuesday seeking support from the backers of John Poerner.

I could not tell them much other than I had fought them tooth and toe nail on what I still consider valid principles and it would take time for me to think about any change: maybe more time than we have between now and June 1.

A Tuesday story in the Express reported John Poerner in Austin as saying he probably will announce Sunday any decision he has on any type of endorsement.

That's his privilege and right, and I am sure that he feels that no matter what his decision is, it cannot and should not be binding on me or any other supporter. I fought O. C. Fisher's endorsement of Wolff on the same grounds, therefore, I would not be fair to myself to feel that any endorsement by John should be taken any more profoundly.

We can't print it without a signature. But we will withhold the name of the signer. If you feel strongly enough about a subject like this brace up that old backbone and let people know you are speaking out.

Still the story of the Hondo sign spreads! Mr. Porter and I received a letter from close friends in Pittsburgh, Pa. saying they cut out the Hondo Sign article from Family Weekly. It will include World Championship Cow Country Barbecue contest and other fine activities. They invite all Hondo to join in their celebration. Not so much mail-order activity this week--just seven letters, but one went to Santa Monica, California and another to

Elections

polled 36,509 votes in the district and 3,272 in Medina County to Carrillo's 18,151 and 502 votes. The hotly contested referendum on legalized pari-mutuel betting on horse racing passed 2,337 to 910 in the county, but statewide voters turned it down. Medina County Republicans also favored betting 24-13. Two other referendums appeared on the Republican ballot: in Medina County, a right-to-work provision passed 34-4, and a vote to withhold taxation passed 33-7.

County elections saw County Judge Jerome Decker, District Clerk Francis Bohl, County Treasurer M. L. Mechler and Justices of the Peace Herring, Ruempel and Parma all returned to office unopposed.

Also unopposed was Cornelia Koch for County

Clerk. In the Tax Assessor-Collector race, Leon Mangold won over Bobbie Parks, 2,553 to 1,458. For Commissioner Precinct 2, Leon Tschirhart defeated Jerome Noonan 516-448.

For Commissioner Precinct 4, a runoff will be held between Tobey Tomblin and Robert Busby. Tomblin polled 630 votes to 545 for Busby. Also in that race were Delbrail 21, Odam 133, and Smith 304.

For Justice of the Peace Precinct 5, Sims Stribling won over Frank L. Crawford and Bob McGowen. Stribling polled 907 votes to 310 for Crawford and 275 for McGowen.

Constable Precinct 5 went to another runoff, between McBee and Connell. McBee had 623 votes, Connell had 504, and Weber had 319.

Spray pecan trees

Pecan growers are reminded by County Agent Glenn Bragg that this weekend, May 10 through 13, is the time to spray for pecan nut casebearers.

Bragg recommends Zolone and Guthion (commercial orchards) and Zolone, Melathion or Toxaphene (yard trees). He says mix three pounds of zinc sulphate to the mixture.

Bragg also says USDA does not have clearance to use Sevin for this type spraying.

IT'S GOOD FOR YOU

by Bill Butler, RPh.

Researchers at the National Institute of Health in Bethesda, Md., have identified the virus responsible for infectious hepatitis. But they say it will be years before a vaccine will be available.

The American Cancer Society is planning X-ray screening for breast cancer. It is said to reveal it earlier than manual self-examination.

For patients on diuretics or other drugs that increase potassium loss, doctors are recommending a potassium-rich diet -- lots of dried apricots and peaches, dates, raisins, cantaloupe, bananas, prune and orange juices, watermelon, turkey.

To provide preventive medical care for the elderly, a community hospital in Prosser, Wash. gives monthly checkups, using the hospital's off-times. Fee is \$6 a year.

Research professor in Wisconsin has found a new vitamin -- Q -- said to be important in the blood's clotting mechanism. It's contained in a soybean extract.

We count on our doctors to be aware of recent advances in medication. You can count on DAN'S DRUG, Hwy. 90 West, 426-3305 to be ready when your doctor prescribes the newest.

THANKS TO ALL Medina County Residents

Your overwhelming support for me in my bid for Congress proved to be the most gratifying of the entire campaign. Jo Ann, my family and I deeply appreciate the tremendous 94% of the vote we received in our home county.

To everyone who worked so hard on my behalf I say a heartfelt 'Thank You'. Such support could only come from a sincere conviction that we were right in our bid and that the course we pursued was correct.

We will always remember your kindness.

This week

All she wrote

by Edna McDade

"Hail to thee, blithe spirit[s]!" And I hope all of you were as blithe as skylarks as you enjoyed Museum Days in the week just past. As of now [May 3], I am waiting for the 5/9 Anvil Herald to read all about it and still wishing I could have been among-those-present.

In these parts, our Paloma Street made the page one headlines on May 2 when neighborhood rain gauges registered a whopping 6.75 inches, restoring our faith in Nature's irrigation service and probably frustrating the local water department which had been fattening its piggy banks during some mighty dry weather. April was the driest April recorded here in ten years.

I never cease to marvel at the restorative powers of a good rain. A garden which was growing, as if to prove it could, suddenly teems with new growth. Tomatoes are fattening and blushing en route to table-size, green beans have inched along the way. I think I overheard one bean say to its twin on the vine, "So what if dried beans are 89 cents [and up] per pound?" A jolt to the food budget, that's what.

"Mark Nov. 16 for the deer season opener this time. It runs through Jan. 1," says our local sports editor. Barring any assorted exceptions that invariably creep in to our state's game laws, I assume that Medina County will be off to the same start. This means extra busy work for the C of C's efficient and obliging secretary, LIL PORTER, who always finds -- or makes -- time to answer all inquiries, telling her correspondents like-it-is or hopes will be.

Who won and who didn't will be history by the date of this issue. Fumbling through my notes of yesterday, I found this item which seems worthy of quotation, and which I always hope will not apply to subsequent reports from Medina County:

Dateline is 1922: "Voter indifference or neglect is not new in Medina County. A turnout of 75 votes out of a possible 3,000 were accounted for in this year's primary. There was little interest in the election. A number of precincts did not even open the polls and none voted full strength."

This is intended to "point a moral or adorn a tale." [Credit Samuel Johnson, 1709-1784].

I have often read of "vicarious pleasures" without bothering to learn exactly what such are. Now I think I have experienced one.

It was purely a happenstance, of course, but it did happen. By way of putting my hesitant typewriter into gear to record this column of May 2, I decided to quote Chaucer, "Aprille with his shoures" etc., etc., an ever present help in times when one's Muse is on leave of absence.

It pleased me to read in the New Yorker weekly magazine [April 29] that the author of the feature "The Talk of the Town" [whose identity I do not know] had employed the same springboard to his always delightful notes and comments.

Often, his prose is light years above my comprehension and, always, I refer to my modest reference library to try to find out what he is talking about.

The results are always rewarding... my limited vocabulary receives encouraging revivification and I am duly grateful.

Frinstance: "paralipsis... Reverderie... regreemnent chants... marmoreal..." See what I mean? Maybe I don't either!

If you have ever seen a Roseate Spoonbill, you will agree with Arthur A. Allen [Stalking Birds With Color Camera] that, with all their gorgeous plumage, they have faces only another Spoonbill could love.

After having disappeared for nearly 50 years, these ungainly looking, but still beautiful birds have returned to our Texas Gulf coast islands.

They spend their days in the Portland area but, come supper time, they fly sky-high right over our patio [within easy seeing distance] and head for their evening feeding grounds in Cayo del Oso which is only within minutes of where we live. We also saw a stray pink flamingo one evening, neck outstretched and legs in perfect balance. Probably a visiting cousin from Florida.

Personal to LORI FRIDLE [who is 10]: I loved your good letter. Why not submit it to GRIT magazine, a weekly distributed in Hondo by my good friend, CAM MOSS. Grit offers payment for such letters on the general subject of Why-I-am-proud-of-my-hometown. Good luck!

L. D. NUCKLES [Outdoors 'n Things] might not know it but he hurt my feelings about the remarks he made re split bamboo rods.

I belong to the ancient clan of die-hards and still cling to my favorite Heddon Little Princess 7 1/2-foot bamboo fly rod which has caught more fish than I can ever find an excuse to exaggerate about.

Of course, I haven't used it in several years, might never have the opportunity to use it ever again but... I still love it!

This year's Buccaneer Days have come and gone and all I know about the gala event, which draws thousands of visitors each year, is what I read in the papers.

I did read that the Hondo Owl Band was to be represented in the annual competition but I missed the final results.

I'll be looking for the Owl score in our next Anvil Herald.

This week

All she wrote

by Edna McDade

"Hail to thee, blithe spirit[s]!" And I hope all of you were as blithe as skylarks as you enjoyed Museum Days in the week just past. As of now [May 3], I am waiting for the 5/9 Anvil Herald to read all about it and still wishing I could have been among-those-present.

In these parts, our Paloma Street made the page one headlines on May 2 when neighborhood rain gauges registered a whopping 6.75 inches, restoring our faith in Nature's irrigation service and probably frustrating the local water department which had been fattening its piggy banks during some mighty dry weather. April was the driest April recorded here in ten years.

I never cease to marvel at the restorative powers of a good rain. A garden which was growing, as if to prove it could, suddenly teems with new growth. Tomatoes are fattening and blushing en route to table-size, green beans have inched along the way. I think I overheard one bean say to its twin on the vine, "So what if dried beans are 89 cents [and up] per pound?" A jolt to the food budget, that's what.

"Mark Nov. 16 for the deer season opener this time. It runs through Jan. 1," says our local sports editor.

Barring any assorted exceptions that invariably creep in to our state's game laws, I assume that Medina County will be off to the same start.

This means extra busy work for the C of C's efficient and obliging secretary, LIL PORTER, who always finds -- or makes -- time to answer all inquiries, telling her correspondents like-it-is or hopes will be.

Who won and who didn't will be history by the date of this issue. Fumbling through my notes of yesterday, I found this item which seems worthy of quotation, and which I always hope will not apply to subsequent reports from Medina County:

"NO NATURAL GAS SHORTAGE EXISTS FOR OUR RESIDENTIAL CUSTOMERS. ONLY A FACT SHORTAGE."

Jackson C. Hinds President, Entex, Inc.

"If you're one of our residential customers with concerns about your gas supply, you can put them aside. An ample supply of natural gas for your needs is available—enough to last far into the future.

"But I'm afraid there's another area where the supply isn't as dependable. That's in the area dealing with facts.

"Sure, rumors are floating around, but there is a shortage of solid facts.

"So we've gathered together the important facts and put them in a booklet, *Facts you need to know about gas supply.*

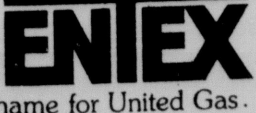

"Among other things, the booklet points out that gas for residential purposes has top priority.

"It goes on to explain how you and all other residential customers combined use only approximately 7 1/2% of all the gas consumed in the three-state area we serve.

"And for all of you who are interested (and you should be), it gives you the facts concerning energy conservation.

"The booklet is available free at your Entex office. Stop in today and pick one up, or phone us and we will mail you a copy.

"Once you have all the facts, the most serious shortage can be eliminated."

The new name for United Gas.

Let's eliminate the fact shortage.

Happy Birthday

"Boy," said the 90-pound worker. "I feel like punching that big foreman again."

"Again?" said his pal unbelievably.

"Yeah," said the little guy. "I felt like it yesterday, too."

"I never had a hanker' to go away on vacation," advised the oldtimer. "When I loaf, I want some work handy to loaf from."

Waiting for some people to stop taking is like looking for the end of a roller towel.

LAUGH A LITTLE

"Boy," said the 90-pound worker. "I feel like punching that big foreman again."

"Again?" said his pal unbelievably.

"Yeah," said the little guy. "I felt like it yesterday, too."

"I never had a hankerin' to go away on vacation," advised the oldtimer. "When I loaf, I want some work handy to loaf from."

Waiting for some people to stop taking is like looking for the end of a roller towel.

Nobody can get as mad over nothing as a waiter who was expecting a good tip.

Beef

is

Tough to Beat!

We Should Speak Out For Beef

It wasn't too long ago that Americans were boycotting beef - indignant at the higher prices we were being forced to pay. During this period housewives refused to purchase beef in an effort to halt the spiraling prices. And it was, in fact, the "Housewives Boycott" that finally started the downward trend in beef prices.

The layman might find it difficult to understand why beef prices rose so high in the first place. It all begins with the feeder. Let's take an isolated example. Suppose we bought one steer cattle last autumn, weighing about 400 pounds. We'd have paid about 70 cents a pound or \$280.00. This calf would have then been pastured all winter on rented ground, gaining about 200 pounds and running up a pasture bill of \$24.00. So now we have invested \$304.00 in our steer.

Last week the best offer for the steer would have been 44 cents a pound or \$264.00. Had we sold, we would have lost \$40.00.

Now suppose, we didn't sell, but instead we took our steer to a feedlot. During the next five months, the steer will eat about \$200.00 in corn and at the end of that time will weigh about 1000 pounds. If conditions remain the same we would only receive about \$410.00 for our steer - which means we lost \$94.00.

If you multiply that figure by three or four thousand, you can see why the Kansas cattleman is taking a big gamble; it could amount to something like a \$350,000 loss.

According to Professional Cattle Consultants of Weatherford, Oklahoma, studies show that as of March 1, steers fed in the High Plains lost an average of \$127.75 a head for their owners.

The cattle feeding industry has lost \$1,046,366.691 for the four-month period of October 1973 to January 1974. The fact that the industry has built up a cushion from past profits provides some optimism that the feeding industry will survive the blow.

Of course, the feeder's problems aren't the only factors to be taken into consideration. Ranchers have lost a large percentage of the calf crop to weather conditions and feedlots are having trouble getting capacity loads of steer.

We complain about the rising

Beef costs - but the average price of a pound of Choice Beef has risen 50 percent since 1952. Compare that to hourly rate for non-supervisory workers on private - non-agricultural payrolls. According to the U.S. Bureau of Labor Statistics, the figure has advanced 148.6 percent.

Think about it...Beef is a good buy!

How About Beef For Breakfast

Are your breakfasts so tasty that no one ever wants to skip them? Or do you find yourself serving the same menu day after day, week after week? If so, then it's time for a change! We need to give thought to breakfast menus the same as dinner menus.

Actually there's opportunity for a great deal of variety. Take breakfast meats for instance. You can serve chipped beef on toast or cubed steaks or corned beef hash, perhaps topped with an egg. Ground beef patties are an increasingly popular breakfast entree, too.

Use Meat Thermometer For Cooking

How do you like your roast beef -- rare, medium or well-done? A roast meat thermometer is a good guide to the doneness of the roast; it eliminates the guesswork. Insert the thermometer so the bulb reaches the center of the thickest part. Be sure it does not rest in fat or on bone in order to get an accurate reading of the internal temperature of the meat. This makes it possible to roast meat exactly as you choose. If you like rare beef, then remove the roast when the internal temperature reaches 140 degrees Fahrenheit. The thermometer should register 160 degrees Fahrenheit for a medium-done beef roast and 170 degrees Fahrenheit for a well-done beef roast. The doneness is indicated on the thermometer.

Beef Is For Everyone

Beef is an excellent source of many essential food nutrients, and it has an important place in the diets of persons of all ages. Today babies are fed meat at an earlier age, since research has indicated the many advantages of early meat feeding. Beef is recognized as a valuable food for the pre-school and school age child who is growing rapidly and needs high quality, protein-rich foods.

Teenagers who are still growing and extremely active need even more of the essential nutrients than adults. Generous amounts of beef should be included in the meals of the teen-ager. Research has also indicated the value of additional protein in the form of meat to the health and well-being of the expectant mother and her child.

The senior citizen frequently consumes a high carbohydrate, low protein diet. Because protein requirements remain the same and calorie needs are somewhat lower for the older person, beef is a valuable food for the senior citizen.

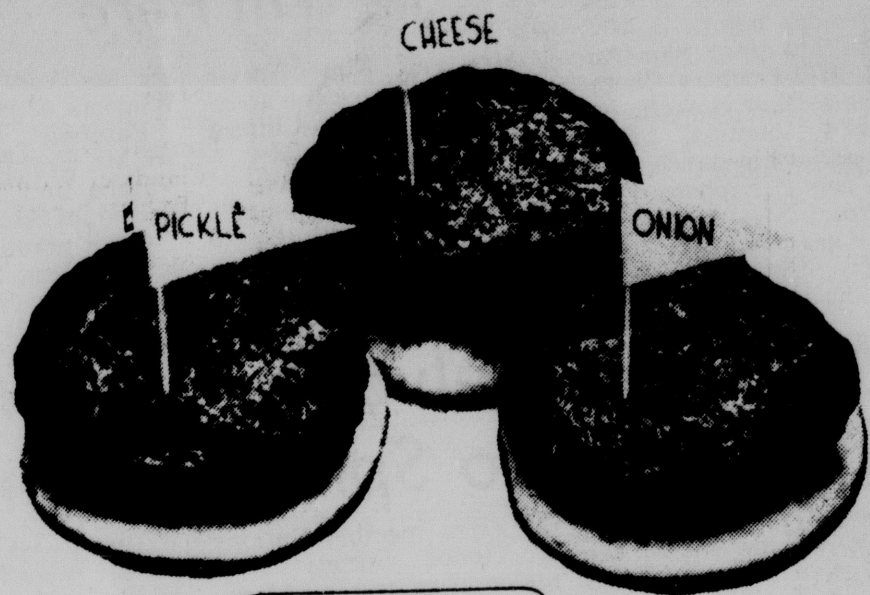

Good nutrition is particularly important to the recovery of the person who has been ill or undergone surgery. Because beef supplies protein, iron and essential B vitamins, it is helpful in restoring blood losses and repairing damaged body tissue and healing wounds.

In short - from infancy on, beef is for you!

Enjoy BEEF KABOBS

Select beef round steak, cut 1 1/2 inches thick, and cut into strips 1/4 inch thick (partially freeze steak for ease in cutting strips). Combine 1/2 cup each of soy sauce, cooking oil and peach or pineapple juice with 1 teaspoon ginger and 1/2 teaspoon garlic powder; pour over steak strips, coating all sides. Cover and marinate in refrigerator 4 hours or overnight. Thread strips on metal skewers, accordion style, alternately with pieces of canned peaches and pineapple, kumquats and maraschino cherries. Brush with marinade and place on grill 3 to 4 inches from heat. Broil at moderate temperature 3 minutes on one side, turn, brush with marinade and broil 3 to 4 minutes longer or to desired doneness.

RECIPE

BEEFBURGER A LA WOW!

FOR CHILIBURGERS: Mix 1 can of drained red, pinto or kidney beans with 1/2 cup catsup and 2 tablespoons of chopped green pepper. Stir in chili powder and onion salt to taste and cook slowly until heated through.

FOR COTTAGEBURGERS: Mix 1 cup of cottage cheese with 2 tablespoons of mayonnaise and salt to taste. Stir in 1/4 to 1/2 cup finely sliced radishes.

Support Americas Beef Industry

Between the years of 1960 and 1972, the cattlemen and the entire food industry did an outstanding job of improving the marketing of beef. Per capita beef consumption has grown from 85.1 pounds in 1960 to 116.0 pounds in 1972, although consumption dropped considerably in 1973 to 109 pounds per person.

During the past year, we've had boycotts, a price freeze, the price freeze extension on beef, and the truck strike. It's obvious that these were factors contributing to the drop.

In order to regain this market, consumers must realize the importance of buying beef. If the beef industry is not supported, the current live cattle losses will most certainly dry up future supplies.

Slow Cookery Is The Rule

The rule never to be forgotten in cooking beef or any meat is this: Use a low to moderate temperature. If it's a beef standing rib roast or a rolled beef rib roast or a beef loaf you're preparing, use a constant 325 degree Fahrenheit oven. If it's a braised steak, a pot roast or a beef stew, let the meat simmer or cook slowly. You'll be rewarded in delicious, tender, juicy beef dishes to serve your family.

LIBRARY NEWS

Much new reading material awaits patrons of the Hondo Public Library, this being acquired through both donations and purchases.

Of special interest, from Doubleday, are *The Identity Society* by William Glasser, M.D.; *Bluebells and Bittersweet*, Bebe Miles; *Pioneering With Wildflowers*, George D. Aikens; *An Exaltation of Stars*, adventures in Science fiction compiled and edited by Terry Carr; *Clouds of Witness and The Unpleasantness at the Bellona Club*, Dorothy L. Sayers, and *Women in White* by Frank G. Slaughter.

New from the Literary Guild is June Platt's *New England Cook Book*.

For the little people, the library now has available several Easy Books, written, illustrated and autographed by Mary Octavia "Dutz" Davis of Hondo. Titles of these are *Mouse Trail*, *Rickie*, *Pinkie* and *Going to the Fair*.

From Mrs. M. L. McDowell the library has received a memorial to Mrs. Millie Fly. A memorial to Bob Thompson has come from Harold F. Herring and family.

In recent weeks the Paul Reilly family has contributed many Easy and Picture books and magazines, and several beautiful Spring bouquets. The Reillys also provided candy treats for all young readers during National Library Week. Another floral display was brought in by Gladys Knowles.

A wide selection of magazines has been donated by Catherine Gross, Mr. and Mrs. O. M. Redus and Mrs. McDowell.

Gifts also have come from Mildred Teague,

paperbacks and magazines; Mary Weems, paperbacks; Lee Murphy, paperbacks and magazines; and Mrs. Louise Landers, fiction, mystery and other books. There was, too, a cash donation from Mrs. Walter L. Saathoff of Dunlay.

Visiting the library on Wednesday, May 1, were members of the Loving Blue Birds with their troop leaders, Alice Schur and Dale Davis. Included in the group were Inez Ontiveros, Yvonne Dittmar, Dianna Lindeburg, Lisa Schoellman, Norma Carabajal, Deena Schur, Esther DeLeon, Mary Alice Mendoza, Sherry Marty, Gina Haass and their guests, Bradley

Schur and Jason Davis.

Other welcome visitors on May 2 were members of the Strunk-Duncan Kindergarten class, who were accompanied by their teachers, Verda Strunk and Ruth Duncan.

The children, ages 5 and 6 years, in this group were Jan Moss, Cory Brucks, Angie Gooding, George Proctor, Jon Mogford, James Peden, Johnny Faseler, Michael Heyen, Terri Halbardier, Lisa Devers, Fohn Bendele, Tony Rager, Todd Grantham, Todd Winkler, Holly Winkler, Kristi Gwartney, Shauna St. Clair, Gene Batot and Kelly Schumann.

Mrs. Lottie Maw, librarian, again pleads with

readers to return their overdue books, which are needed and awaited by other readers. Use the bookdrop if you can not get to the library during regular hours, which are 11:30 a.m. to 5:30 p.m. Monday through Friday.

Pork takes big drop at Museum

Even amidst the high price of meat, pork sold for a lot less at Saturday's Museum Day Celebration. The pigs that were sold at auction brought only about \$124. This compared to about \$435 they brought last year. Purchasers were Easy Car Wash, Chuck Hackebell; Bohlen Distributors, Claude Schuehle; and William Reus.

New Mass schedule

A new schedule of weekend Masses has been announced by St. John's pastor Rev. George Stueben. Beginning this weekend, Saturday night Mass will be at 7 p.m. in English. The 7 a.m. Sunday Mass will be in English. Spanish services will be held at 9 a.m. Sunday, and another English Mass will be said at 10:30 a.m. Sundays.

Bluebirds News

On April 27 the Loving Blue Birds met at 9 a.m. at the Memorial Park to help clean up Hondo. Sponsored by the Hondo Garden Club we were to help prepare Hondo for Museum Days. This was also "Keep America Beautiful" week. We were disappointed that more organizations didn't participate in this worthwhile effort but those who did enjoyed the experience.

The Loving Blue Birds met at St. Paul's Lutheran Church. We rotated officers because this is the first week of the month. President, Inez Ontiveros; vice president, Yvonne Dittmar; secretary, Diana Lindeburg; treasurer, Deena Schur; reporter, Lisa Schoellman; candle-lighter, Norma Carabajal; song leader, Mary Alice Mendoza; whisk-away, Sherry Marty; assist. whisk-away, Gina Haass; chaplain, Esther DeLeon.

Pedroza honored on 93rd birthday

A birthday party in Castroville May 5th honored Estanislado Pedroza on his 93rd year.

Living with his daughter, Mrs. Pablo Garza, he still enjoys walking around the yard, but insists "I'm not going to plant a garden."

"Standing up, I can't reach the ground--and if I stoop that low, I might not be able to stand up again."

He recalls his early boyhood, when his brother would take him to town to sell coal.

"I saw many old men falling asleep on the sidewalk, and I'd think 'Why do people keep old men like those? They're no good anymore.' Now here I'm 93 and trying to get out of people's way."

Residents purchase bonds

In releasing Treasury figures, County Bond Chairman Albert Vance, announced today that sales of Series E and H United States Savings Bonds in Medina County during March totaled \$13,052. Sales for the first quarter of 1974 were \$25,974 for 14% of the yearly goal of \$180,000.

Sales in Texas amounted to \$19,563,901 during the month while sales for the first three months totaled \$61,244,066 with 26% of the \$236.8 Mil. goal achieved.

Taylor-Chapman Report

A slightly soggy note found its way beneath the Anvil Herald's door Monday morning with further word from the Taylor-Chapman Service.

The Service went underground for some months, but recent showers have again flushed it out into the open.

"Since last week's Herald was printed," the note begins, "we have had more showers."

"May 3rd, at 9 p.m. Hondo totaled 1 inch, and Chico at D'Hanis had .80. May 4 and 5, Saturday night at 9:15 p.m. and again at 3:20 a.m. May 5 Hondo got .85 inch and D'Hanis .60 in thunderstorms with some hail. So the grand total is at 1.85 inch for Hondo and 1.40 for D'Hanis. And that's not all, folks. There's more, and here it is."

"I mentioned two additional early morning moon changes coming up, but don't recall giving you the dates or hour of the moon change," Doc continues. "May 6, 2:53 a.m. is one, and the next will be May 14 at 3:29 a.m. Two more rains, says T-C Service. Wonder how responsive the New York Stock Exchange is to moon changes?"

Raul Rios listed on honor roll

One Hondo student was among the 743 Texas University at Austin students who made the fall semester honor roll in the College of Natural Sciences.

Raul Rios of 1209 25th Street in Hondo, was among those students who made the honor roll Amplia Et Magna.

To The Voters of Precinct 2

HI MOM!
WE LOVE YOU!

We couldn't let Mothers Day go by without adding our salute to Mothers. We see mothers everyday in our pharmacy. We see them when they are worried and bringing in prescriptions for a sick child. We see them hiding their worries and trying to comfort and reassure their little ones. We see new Mothers shopping for needed items for that tiny baby they so proudly carry. And we see thoughtful Mothers deciding on many important drug items.

Because we are so closely involved with serving these Mothers we can appreciate the many roles they must play. At this time we would like to say a special thank you to the Mothers who have chosen us to help them.

"A GREAT MANY PEOPLE EN TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Baseball team close to District tie

Hondo was poised for a possible one-game playoff against Medina Valley for the District Championship as of press-time Wednesday.

The Owls forced the situation after winning their last three regular games of the year, including one over the Panthers Friday. Hondo is now 8-2 in district play, while Medina Valley stood 8-1 Wednesday. A game which was halted by rains in the eighth inning at Cotulla last Tuesday was played, starting in the eighth inning, Wednesday (yesterday) afternoon. Pending the outcome of that game, Medina Valley either won the title outright or finished in a tie with Hondo. If the Orange lost, a playoff game will be scheduled for Friday afternoon between Hondo and Medina Valley.

The Owls turned back a furious final-inning rally to hand Medina Valley its first district loss of the season, and pull within one game of the league-leading Panthers.

The game last Friday at Castroville saw the Owls take a fifth-inning 1-0 lead and never let go.

Gordon Bohmfalk was in the game as starting pitcher and as a reliever when things got sticky in the final inning. With help from Bob Spears, Raul Dominguez and Tony Muniz, Bohmfalk was credited with the win. Losing pitcher was David DeCock, who struck out five Owls while walking none.

The winning margin came in the fifth inning as Alex Mendoza led off with a single to right. Sacrificed to second by Bobby Cox, Mendoza scored on a long

double to left center by Richard Coronado.

Medina Valley came alive in the seventh inning after a lackluster performance over the first six innings as Richard Lopez led off with a sharp single to left, then was sacrificed to second by Joey Weiblen. Then Hondo pitching allowed Mario Garza and Joel Kempf both to walk, loading the bases. But Raul Dominguez struck out James Bendele for the second out, and Tony Muniz got the final out as Randy Boehme lofted a long fly to right.

Hondo hitters collected five hits in the game, including Coronado's double and singles by Steve Mueller, Simon Arcos, Gordon Bohmfalk and Alex Mendoza.

Medina Valley had two hits, both singles, by

HONDO LEADOFF MAN . . . Raul Dominguez raps a grounder in Hondo's opening shot of the 1-0 victory over Medina Valley Friday.

David DeCock and Richard Lopez.

PEARSALL
Hondo exploded for five runs in the fifth inning against Pearsall to put away another district victory Monday night, 9-1. The game was a make-up of a rained out contest last week.

Bob Spears went all seven innings for Hondo, striking out seven but walking five.

Wells absorbed the loss for Pearsall; he was listed

in the fourth for a reliever. Pearsall pitching struck out two Owls, walking two.

The game was scoreless until the third inning, when David Knowles and Bob Spears singled. Another single by Simon Arcos brought them in to score and Hondo led 2-0.

Gordon Bohmfalk added a run in the fourth as he was hit by a pitch, stole second and scored on a single by Richard Coronado.

But Hondo hitting and Pearsall errors accounted for the outburst in the fifth that saw Arcos blast a long solo home run. Mike Groff, Bohmfalk, Alex Mendoza and Coronado also took advantage of Maverick mics to score.

In the sixth inning Forrest Horecka singled, then Gene McAnelly lofted a double to the fence to score him.

Pearsall's only score came as J. Leal walked and was sacrificed to second by Wells. A single by Garza scored him.

Hondo had ten hits, led by Arcos' home run and single, and Coronado's single and double. Also hitting were Knoles with two singles, Groff with a double, and Horecka, Bohmfalk, and Spears with a single each. Pearsall's three hits included a double by Reed Hare, Bohmfalk and Marquez.

COTULLA

Hondo finished out its regular season Tuesday night with a vicious hitting attack which left Cotulla defeated 8-0.

The Owls accounted for 11 hits, while pitcher Gordon Bohmfalk held the Cowboys to only two hits.

Scoring began in the first inning when Raul Dominguez singled, was advanced by Steve Mueller, then scored on Mike Groff's single to put Hondo in front 1-0.

In the fourth, Alex Mendoza singled to lead off, and was joined on base by Gene McAnelly. Both scored on David Knowles' single, and Knowles scored on a muffed grounder by Dominguez.

Mueller beat out an infield hit, and the wild throw to first scored Dominguez. Mike Groff advanced Mueller and was safe himself on an error; Mueller scored as Bohmfalk singled, and Groff was singled in by Mendoza's second single of the inning. That put Hondo safely in the lead, 7-0.

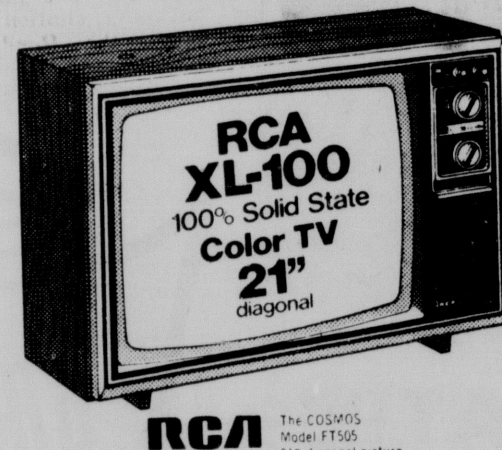

Richard Coronado added a run for the Owls in the sixth when he reached on an error, then scored on Forrest Horecka's grounder.

Leading Hondo hitters included Dominguez, Mendoza, and Mueller with two singles each; Simon Arcos, Groff, Randall Hare, Bohmfalk and Knowles each rapped one single for the Owls.

-FRIENDS-

I WANT TO THANK THE PEOPLE OF MEDINA COUNTY AND THE 21st DISTRICT FOR HELPING ME CARRY THE GREAT MAJORITY OF THE COUNTIES IN THE DISTRICT. NOW THAT I AM THE ONLY CONSERVATIVE IN THE RACE, I HOPE YOU'LL JOIN WITH US TO ELECT A U.S. CONGRESSMAN WHO WON'T FORGET THE NEEDS OF YOU AND YOUR FAMILY IN WASHINGTON.

COMING FROM A COUNTY ABOUT THE SIZE OF YOURS, I KNOW THAT WE NEED AN INDEPENDENT VOICE IN WASHINGTON, AND NOT ONE THAT IS CONTROLLED BY TEN MEN IN SAN ANTONIO.

I LOOK FORWARD TO VISITING WITH YOU BEFORE THE RUNOFF JUNE 1.

It's almost too much to believe, but not one Los Angeles Dodger player was thrown out of a game last year for arguing with the umpire.

Red Sox southpaw Bill Lee is nicknamed "Spaceman" for his way-out behavior. Lee says "I'm none of the things they say I am. Oh, I may fall off the curb and scrape my knees on First Avenue, or crash my car into a palm tree. But outside of that I'm perfect."

Hondo-D'Hanis Little League opens Monday

Hondo area Little League will get underway Monday evening without any special ceremony or fanfare, says League President Al Rowlett.

The inaugural game of the 1974 season will be a Major League game between the Yankees and the Angels, to begin at 6 p.m. A second game at 8 p.m. that night will pit the Rangers against the Aggies.

Tuesday night the Minor League gets underway with a pair of games at 6 and 8 p.m. The first game will be between Tigers and

Speedsters, while the Indians and Mets will meet in the second.

Senior Leaguers will also begin their season

May 13 over at the Senior League Park near the Weather Radar Station.

Bandera, a new team in the league this year replacing Sabinal, will meet the

Hondo Green team in Hondo, while the Blue Hondo team will travel to D'Hanis.

D'Hanis Cards beat Charlotte

While Hondo was unable to play against Medina Valley's 90s Sunday due to wet field conditions, D'Hanis was defeating Charlotte 10-0 at Charlotte in the second game of Hill Country League baseball.

D'Hanis scored in each of the first five innings, and again in the ninth en route to their second straight victory.

Walt Rothe, Spencer Burrell and Tom Attaway combined to pitch a one-hitter against the Charlotte team. They struck out 13 while walking four and hitting one batter. Rothe was credited with the win.

Losing pitcher was Valentin, who was relieved

in the fifth inning by Jerry. They combined to strike out four while walking three.

Leading scorer in the game was Ray Bendele, who crossed the plate four times for D'Hanis.

Johnny Zinsmeyer led the Cardinal hitters with three singles in succession out of six at-bats.

Walt Rothe lashed two doubles for D'Hanis; Ray Bendele had a single and a double.

Greg Rothe and Rusty Attaway each had a double, while Spencer Burrell, Charles Rothe, Chris Finger and Chuck Burrell each hit singles for the Cards.

The lone Charlotte hit was a single by Balde in

the third inning.

Sunday the Cardinals will play at Pearsall; Castroville will be in Hondo for a 3 p.m. game with the Eagles and Charlotte will be at Medina Valley.

Gun Club meets Monday

The Medina County Gun Club will hold a called meeting on Monday, May 13, at 7:30 p.m. at the Indoor Range on Hondo Airbase.

Purpose of the meeting is to make plans for the first annual Medina County Labor Day Schutzenfest.

Ralph Hauger

It's almost too much to believe, but not one Los Angeles Dodger player was thrown out of a game last year for arguing with the umpire.

Red Sox southpaw Bill Lee is nicknamed "Spaceman" for his way-out behavior. Lee says "I'm none of the things they say I am. Oh, I may fall off the curb and scrape my knees on First Avenue, or crash my car into a palm tree. But outside of that I'm perfect."
